

Technical drawing of a building facade section, showing structural elements, insulation, and glazing. The drawing includes dimensions, material specifications, and a detailed view of the window frame and glazing system.

Dimensions and Materials:

- Overall height: 4000
- Overall width: 1700
- Window height: 1775
- Window width: 1700
- Window frame: 100
- Window glazing: 100
- Window frame material: 100
- Window glazing material: 100
- Window frame insulation: 100
- Window glazing insulation: 100
- Window frame structure: 100
- Window glazing structure: 100
- Window frame finish: 100
- Window glazing finish: 100

Structural Elements:

- Window frame: 100
- Window glazing: 100
- Window frame material: 100
- Window glazing material: 100
- Window frame insulation: 100
- Window glazing insulation: 100
- Window frame structure: 100
- Window glazing structure: 100
- Window frame finish: 100
- Window glazing finish: 100

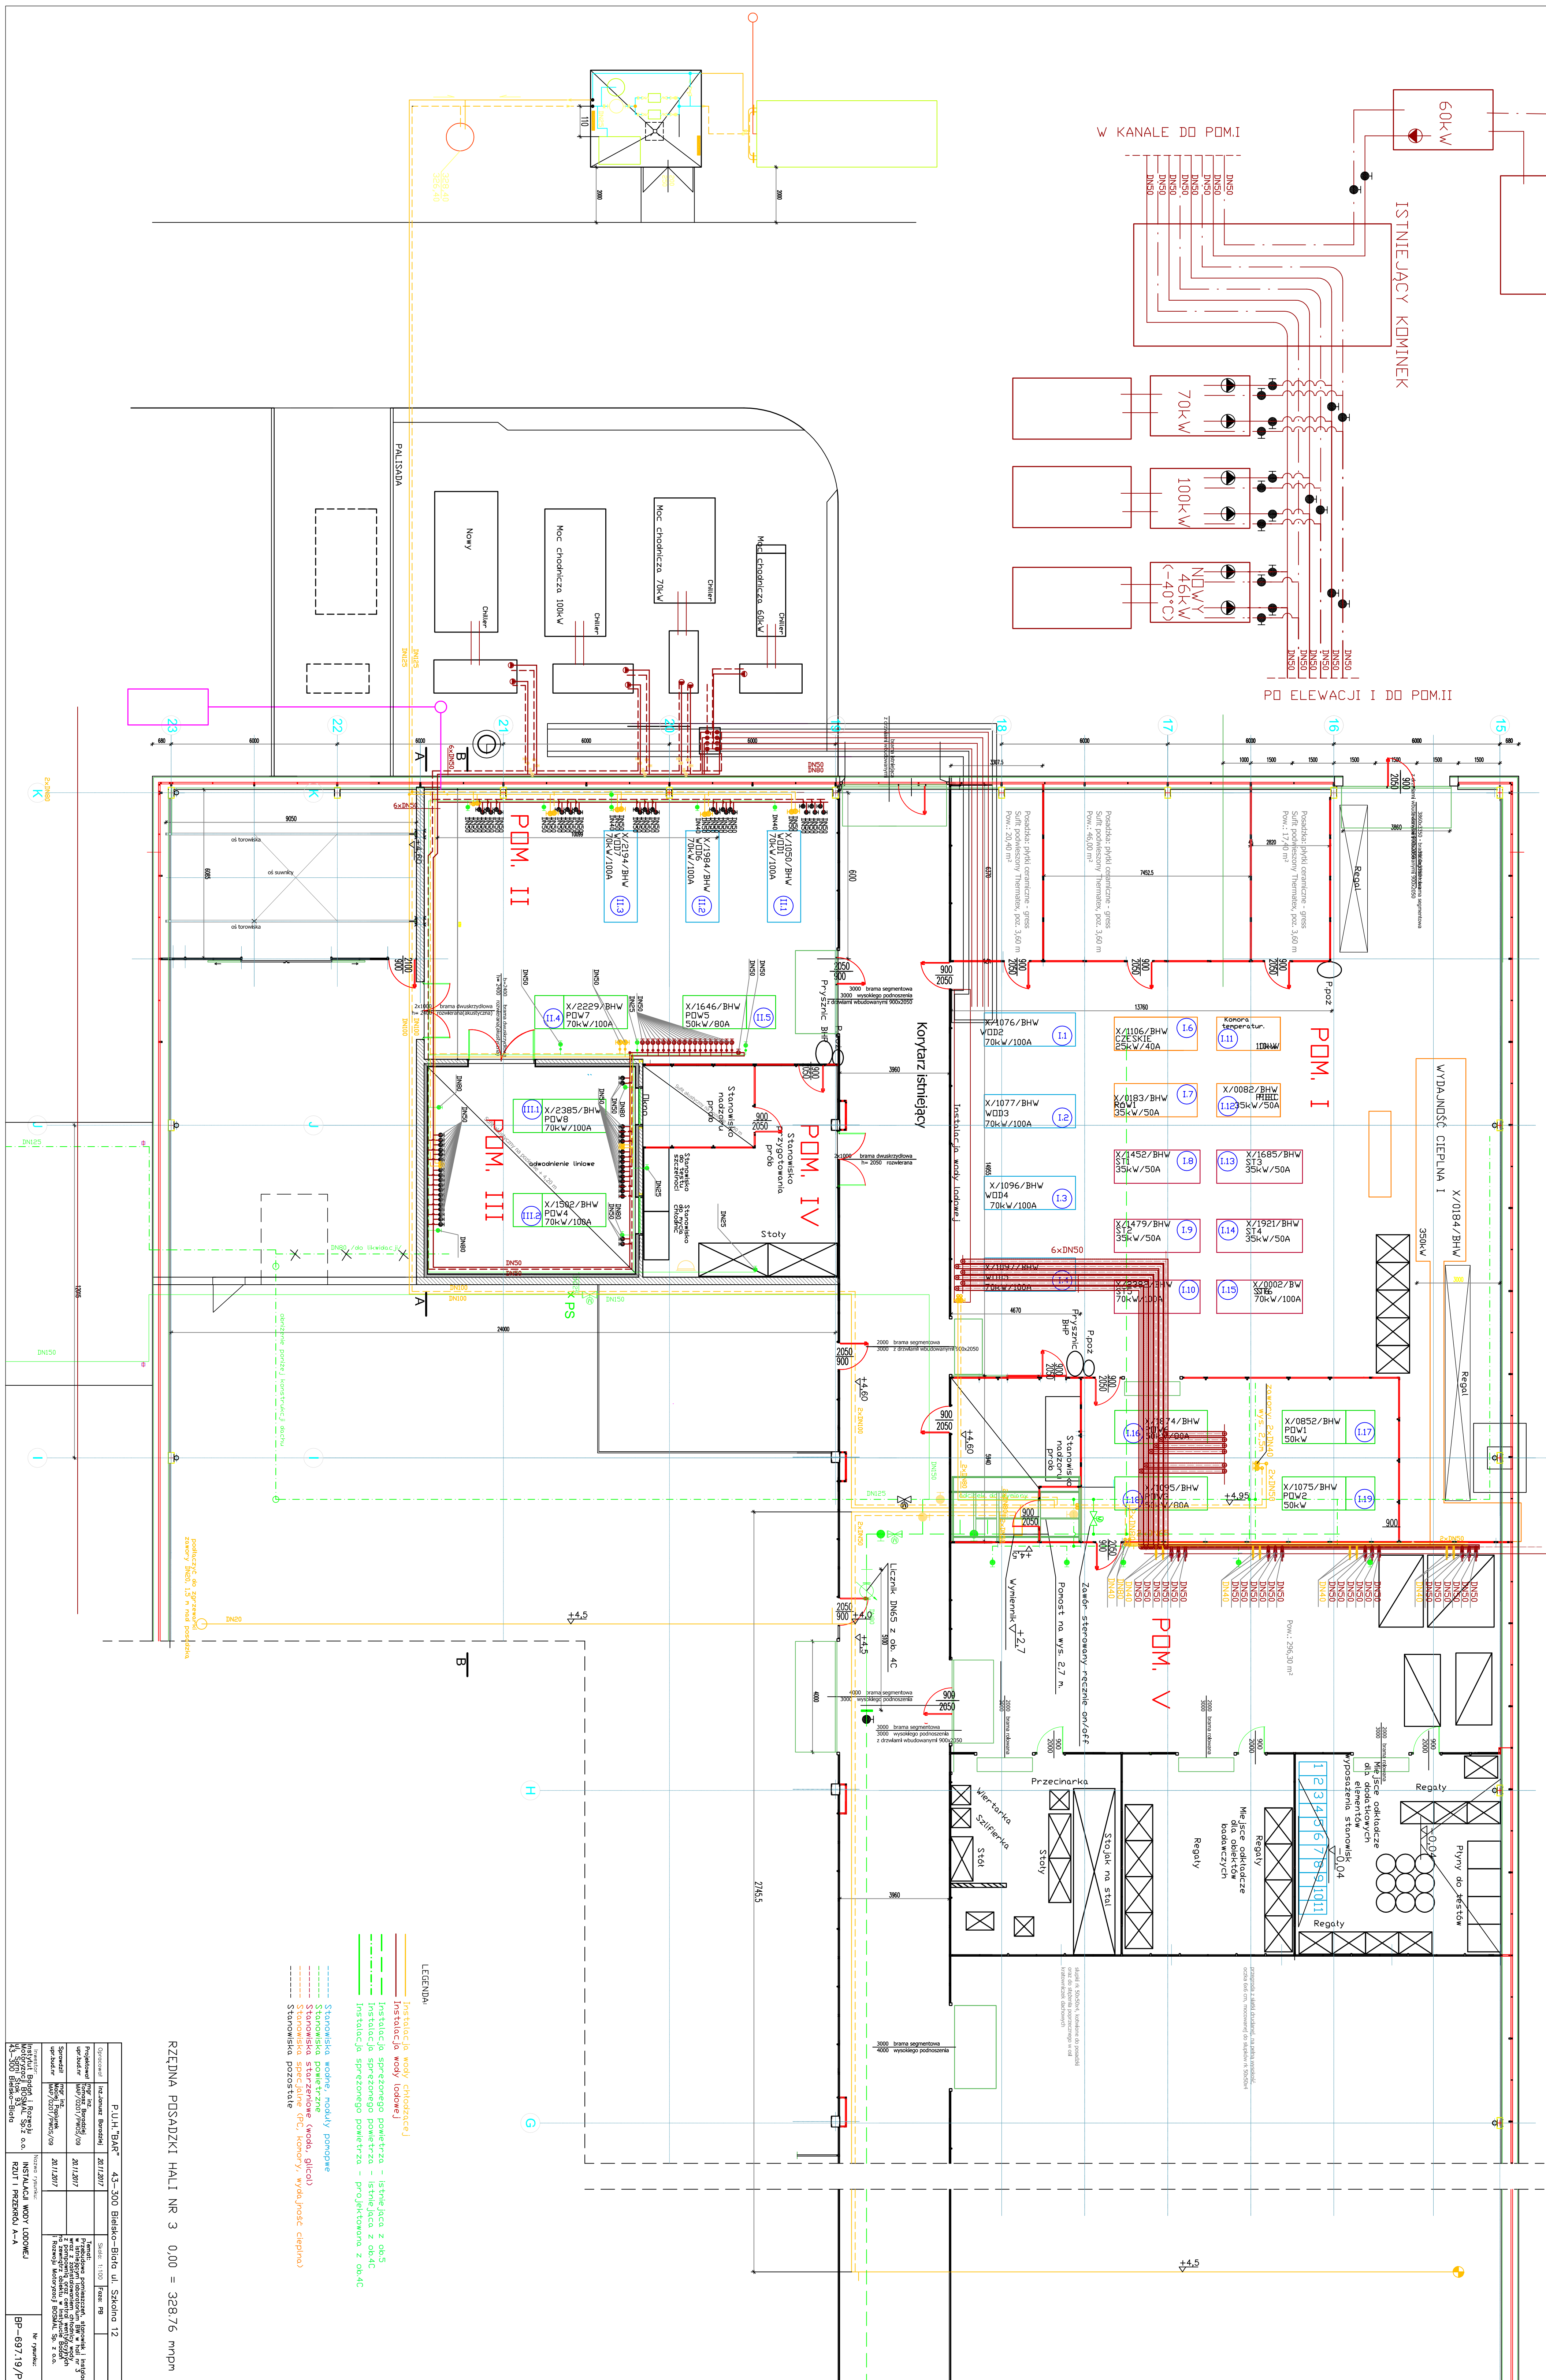

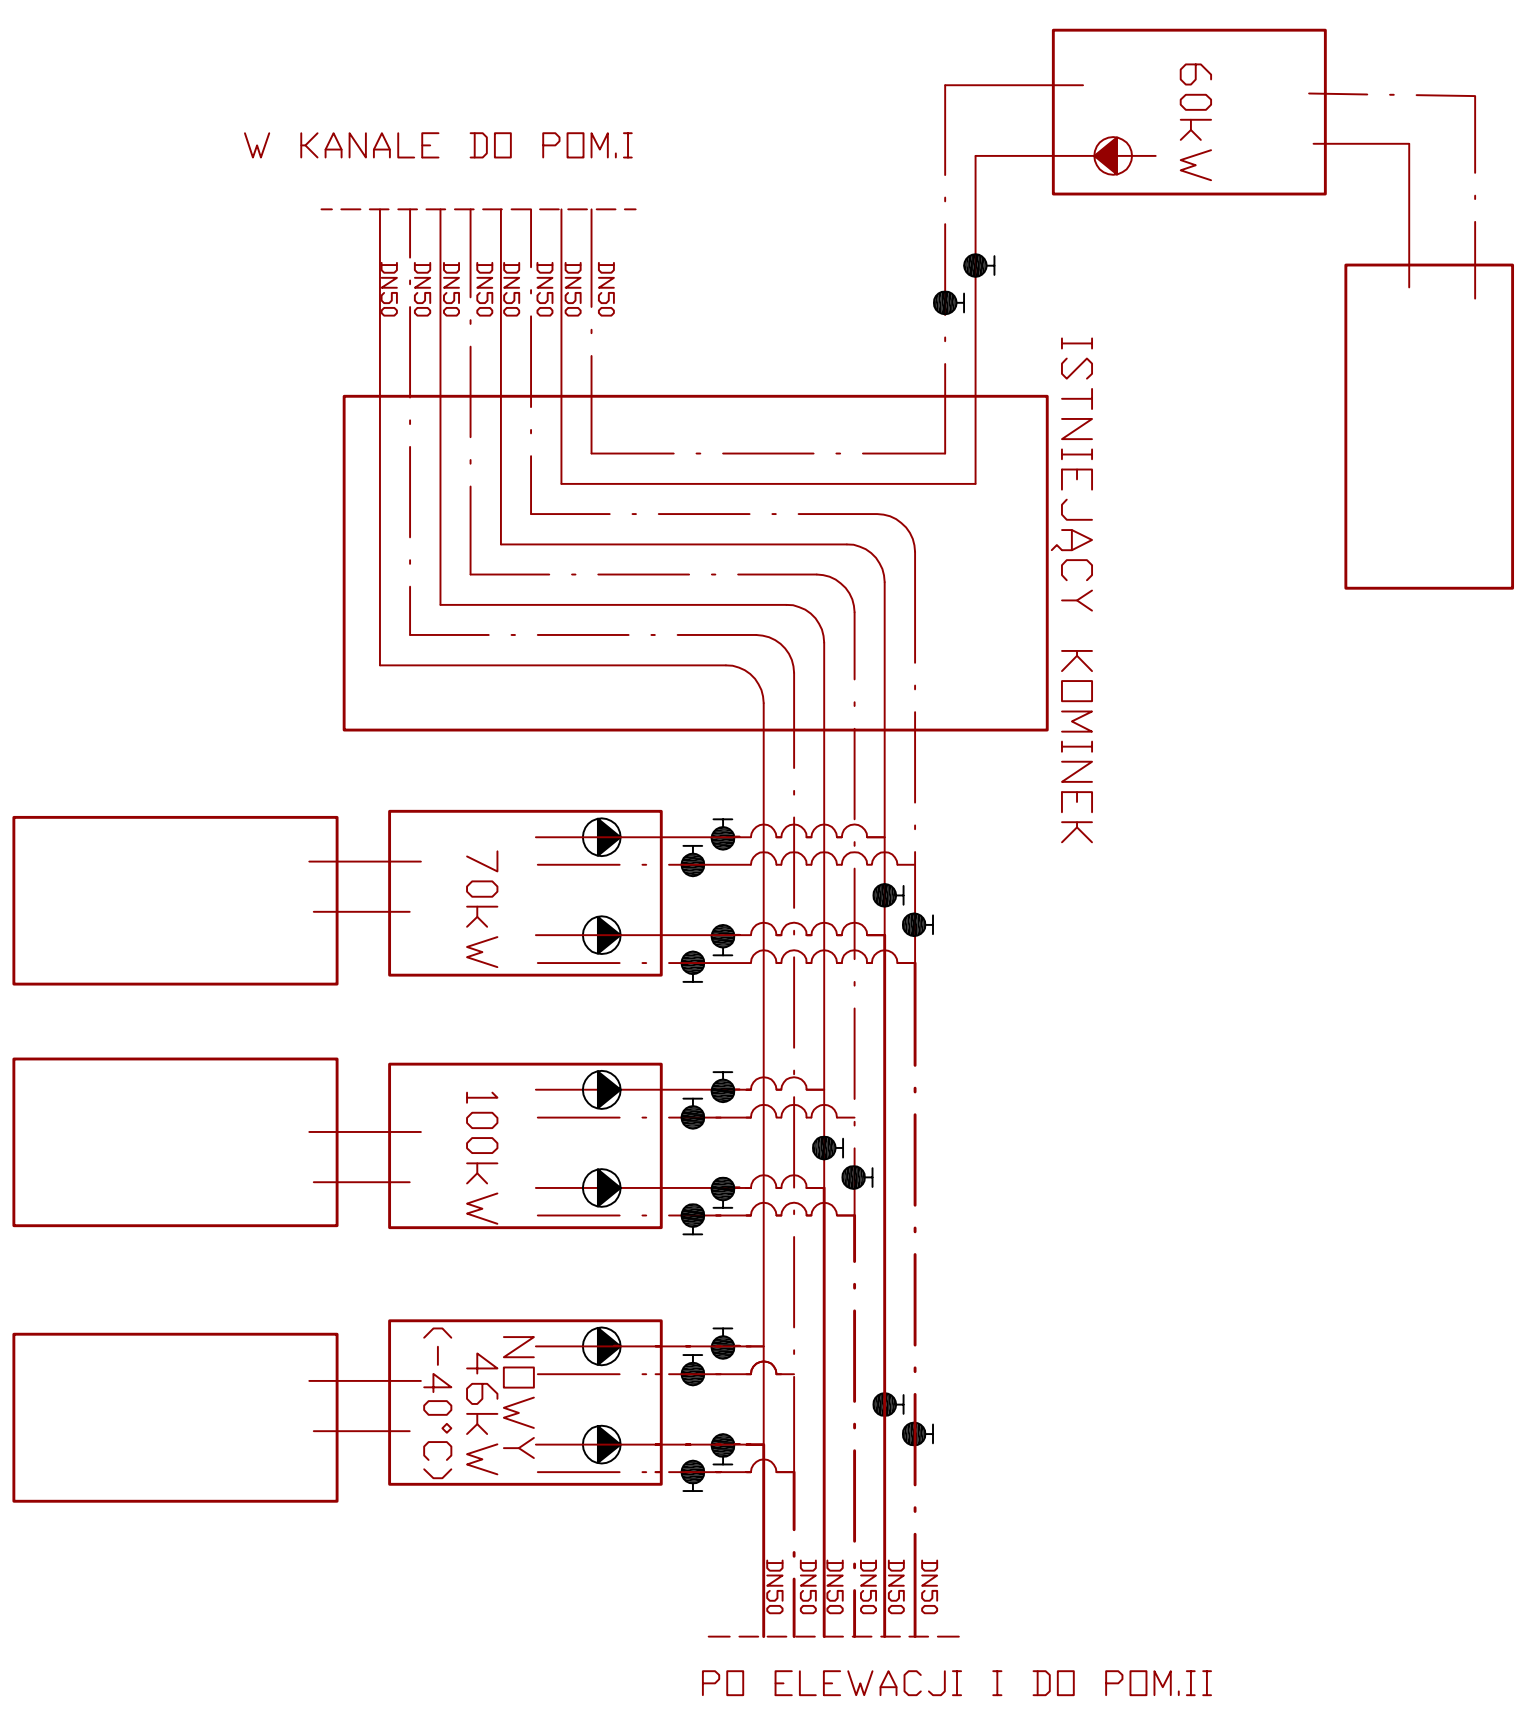

Glazing System:

- Window frame: 100
- Window glazing: 100
- Window frame material: 100
- Window glazing material: 100
- Window frame insulation: 100
- Window glazing insulation: 100
- Window frame structure: 100
- Window glazing structure: 100
- Window frame finish: 100
- Window glazing finish: 100

Insulation and Finishes:

- Window frame: 100
- Window glazing: 100
- Window frame material: 100
- Window glazing material: 100
- Window frame insulation: 100
- Window glazing insulation: 100
- Window frame structure: 100
- Window glazing structure: 100
- Window frame finish: 100
- Window glazing finish: 100
